Dear Commissioner for Patents:

Applicant wishes to note that there are US counterparts to three of the four Japanese patent applications listed in the accompanying Information Disclosure Statement. Specifically,

JP 64-023155 = US 4,940,374

JP 3-085435 = US 5,352,349

JP 7-049331 = US 5,556,533.

The US counterparts are not listed in the Information Disclosure Statement because the foreign search report mentioned in the certification cited the Japanese documents. However, it is respectfully requested that the Examiner review the US counterparts, as they are believed to represent a translation of the subject matter of the Japanese documents listed in the Information Disclosure Statement.

Respectfully submitted,

KNOBBE, MARTENS, OLSON & BEAR, LLP
